

# WELL BEINGS

## Wyoming Mental Health Resource Toolkit

The WELL BEINGS campaign addresses the critical health needs in America through broadcast content, original digital content, and impactful local events. The campaign begins with the YOUTH MENTAL HEALTH PROJECT, engaging youth voices to create a national conversation, raise awareness, address stigma and discrimination, and encourage compassion.

The multi-year campaign, created by WETA Washington, D.C., brings together partners from across the country, including people with lived experience of health challenges, families, caregivers, teachers, medical and mental health professionals, social service agencies, private foundations, filmmakers, corporations and media sponsors, to create awareness and resources for better health for all. To learn more, visit [WellBeings.org](https://www.WellBeings.org) or follow [@WellBeingsOrg](https://www.instagram.com/WellBeingsOrg) on [Instagram](https://www.facebook.com/WellBeingsOrg), [Facebook](https://www.facebook.com/WellBeingsOrg), or [Twitter](https://www.twitter.com/WellBeingsOrg), and join the conversation with [#WellBeings](https://www.twitter.com/WellBeingsOrg).

Mental Health challenges come in many forms, from all walks of life. WELL BEINGS has put together this guide as a reference to the resources that exist nationally and right in your backyard that are available to help you or someone you care about who might be facing a Mental Health challenge.

If you are in crisis, or experiencing thoughts of suicide, please text the **Crisis Text Line (text HELLO to 741741)** or call the **National Suicide Prevention Lifeline at 1-800-273-TALK (8255)**. Both services are free and available, 24 hours a day, seven days a week.
